Trainer and Practitioner:

Betsy Prager has been a social worker for almost forty years, and has worked specifically in mental health and addictions for over 16 years. She has been offering auricular acupuncture for over 15 years, and has found it to be a useful adjunct in working with clients with a history of addictions, stress and trauma.

for your Clients
40 Hours towards CEU's**

October 24 - 28, 2018

Course Outline

Auricular acupuncture is a rejuvenating experience. It facilitates balance in body, mind, and spirit. The NADA protocol utilizes five points or gateways to relieve tension, increase calming and detoxify. This training will prepare the practitioner to offer auricular acupuncture, and consists of 30 hours of didactic training and 40 hours of clinical supervision over a period of time. (total of 70 hours) Standards of excellence will be adhered to in the following areas: attendance, assignment completion and clinical supervision. Applicants who successfully complete the training program and meet the standards of competency shall be eligible to receive a certificate of training from NADA, the National Acupuncture Detoxification Association.

Curriculum Outline

- History and development of NADA – internationally and locally
- The Five Point Protocol - point location and applications.
- Technique mastery – clean needle handling, insertion and disposal.
- Client relationships – partnership, boundaries, and empowerment.
- General overview of Yin/Yang and specific application to addiction.
- Clinic integration – treatment setting requirements, program applications and research results.
- Clinical Practice both giving and receiving acupuncture
